WORK EXPERIENCE

Technical Lead | Adobe Commerce Expert | [NeoSOFT Technologies \(CMMi Level 5\)](#), Sep 2020 – Present · Pune, India

- **Minii Hypermarket (Tech Lead, 2024–Present):** Architected Magento 2.4.8-p3 platform for Mongolia's national retail chain — 72 stores, 9,000+ SKUs, bilingual storefront (Mongolian + English); engineered event-driven ERP sync via RabbitMQ and React Native Picker App, achieving **99.9% ERP–Magento data accuracy** across 3 phases.
- **NASM & T-Mobile (2021–2022):** Delivered headless storefronts using API Mesh, App Builder AIO actions, and Commerce Starter Kit GraphQL APIs; built real-time bidirectional ERP sync and unit-test suites; deployed across US and European markets on Adobe Commerce 2.4.6.
- Built production Lumen-based MCP server exposing Magento data to AI agents; integrated Claude Code CLI, GitHub, Postman, and Figma MCP into agentic dev workflows — **reducing manual development effort by 30%** and cutting sprint delivery time by 20% across a team of 8+ developers.
- Led Agile sprint planning, architecture reviews, and cross-timezone delivery for teams of 8+ developers across 3 time zones; mentored 5+ engineers and drove AI-augmented development adoption across all active projects.

Full Stack Developer | [Seepossible Innovative Solutions LLP](#), May 2018 – Sep 2020 · Surat, India

- Built full-stack eCommerce solutions (Magento 2, PHP, ReactJS) with payment gateways, shipping APIs, and real-time ERP integrations; API and caching optimizations improved storefront speed by **30%** across 6+ client projects.
- Developed reusable React component libraries; owned requirements gathering, sprint tracking, and post-deployment support; reduced post-release defects by **40%** through structured UAT processes.

Software Engineer | [BosLeo Pvt. Ltd.](#) · [Narola Infotech Pvt. Ltd.](#), Jan 2016 – May 2018 · Valsad, India

- Delivered 10+ PHP/Laravel/CodeIgniter applications; improved data retrieval performance by **25%** via AngularJS and Memcache optimization; integrated Facebook, Google Maps, Stripe, and Twitter APIs across 8+ projects.
